

ANNUAL MAILINGS TO PAST CUSTOMERS

It is 8x more expensive to bring on a new customer than retain an old one. Focus your marketing to turn a one-time customer into a repeat customer.

A simple annual spring postcard mailing to your past customers is a great way to ask for their repeat business or a referral.

If your past customers are planning another move this year, the postcard will remind them to call you. If they aren't planning a move, you can encourage them to refer you to their friends or family.

Ask us about setting up your past customer mailing.
