

Timed, Targeted Marketing to Homeowners Has Never Been Easier!

One of the first signs that a homeowner is going to need a mover is a “for sale” sign in their yard. We monitor the real estate market and provide a daily list of new and pending leads so that you can fill your calendar with more profitable moves.

NEW MOVING LEADS

- » Postcards reach homeowners within days of listing
- » Verified to be homeowner owned and occupied

PENDING LEADS

- » A second postcard reaches homeowners when their move is imminent
- » Always re-verified to still be owned and occupied
