

Testimonial Request Template

Hello _____,

I wanted to follow up and make sure you are settling into your new home. It has been our honor and privilege to move you. We know you had many choices for movers, and we are so grateful that you entrusted your precious belongings to us.

We pride ourselves on unbiased third party reviews to ensure consumers have a resource to make their decision about choosing a mover.

As a consumer that has just finished a move, we urge you to tell other movers about your experience.

I invite you to take a moment and post your thoughts on our website here (link). Just a quick description of how you found our service and staff would be greatly appreciated.

Also, you can like us on our Facebook or Google + page here (link) and leave us a few words of encouragement. We also have listings on Yelp and Angie's List if you prefer to leave comments there instead. (link)

Just a quick note in any of these places would mean so much.

Again, thank you for letting us be a part of your big move. If we can be of any further assistance, please let me know.

Enjoy your wonderful new home,
